Eject-It 33 Petrolease

Non-Silicone Eject-It #33 Petrolease works for silicone rubber molds, molded silicone rubber and releases almost everything from anything. It also contains an FDA regulated active, for use with food and medical applications. Non-Silicone Eject-It #33 Petrolease has extensive applications for prototyping and pattern work. Non-Silicone Eject-It #33 Petrolease also works well for RTV and tin or platinum curing silicone elastomers. Similar to petroleum jelly, this aerosol spray allows you to quickly and evenly coat a mold with a thin layer of release agent. All of the benefit of petroleum jelly without the fuss of brushing it on! Be sure to allow a few minutes for the propellant to evaporate before filling the mold.

NOT FOR USE ON LATEX MOLDS!

AeroMarine Products (seller) make no warranties, express or implied, including, but not limited to, any implied warranty of merchantability or fitness for a particular purpose. User is responsible for determining whether the seller's product is fit for a particular purpose and suitable for a user's particular method of application. Many factors can affect the use and performance of seller's product. Given the variety of factors that can affect the use and performance of seller's product, some of which are uniquely within the user's knowledge and control, it is essential that the user evaluate the seller's product to determine whether it is fit for a particular purpose and is suitable for the user's method of application.

If the seller's product is proven to be defective, THE EXCLUSIVE REMEDY, AT SELLER'S OPTION, SHALL BE TO REFUND THE PURCHASE PRICE OF OR TO REPAIR OR REPLACE THE DEFECTIVE PRODUCT. Seller shall not otherwise be liable for loss or damages, whether direct, indirect, special, incidental, or consequential, regardless of the legal theory asserted, including, but not limited to, contract, negligence, warranty, or strict liability.
